EMILY NICOARA DESIGN STUDIO
A quiet moment layered with history and texture sets the tone of the entryway in Project 1994. Soft plaster walls frame a 17th century tapestry, while the marble top - salvaged from an old bakery - rests on reclaimed mine legs. The custom "Nara" handrails add sculptural movement, grounding the stairway in artistry, craftsmanship, and story.

BESPOKE ARCHITECTURAL DESIGN STUDIOS
B.A.D. Studios is founded on the belief that architecture and interior design should form a single, cohesive vision. From initial concept through to final delivery, the studio takes a holistic approach, crafting spaces where form, materiality, and interior

experience are seamlessly integrated. The result is design defined by clarity and balance, performing beautifully for those who inhabit it.
